

Arlington Fleet Group Ltd

ARLINGTON FLEET GROUP LTD EMS

It is the policy of Arlington Fleet Services Ltd to provide services that consistently fulfil and meet the requirements of its customers whilst safeguarding the safety of the railway and the environment.

To demonstrate to our customers and our staff our commitment to this policy, the company shall achieve and maintain recognition as an organisation of assessed capability. The company operates an environmental management system which follows the principles of EN ISO 14001:2015 as described in this manual.

This will involve:

- Compliance with all environmental legal requirements, regulations and guidance.
- Integration of environmental factors into business decisions.
- Planning work systems and practices so as to give due consideration as to the potential environmental impact and the prevention of pollution.
- So far as is possible, prevent the illegal deposits, disposal or treatment of controlled waste by any person where that waste has been or will be under the control of the company.
- Where possible, seek to influence the design and specification of projects so as to ensure that environmental impact is minimised as far as is reasonably practical.
- Ensuring considered use of resources of all kinds, including the promotion of recycled and recyclable materials wherever possible.
- Establishing company procedures to ensure that waste is managed in line with legislation and that all parties involved in the waste production, transportation, transfer and disposal process comply with their Duty of Care regarding waste control.
- The company's environmental performance will be assessed annually through management review to ensure continued improvement and compliance with both the letter and spirit of the legislation. Protecting the environment not only makes good commercial sense but is also an investment in our future, both short-term and long-term.

The company's key objective is to be known throughout the industry for its provision of quality services with a 'high calibre' back-up from its directors and employees.

AFGL, therefore, is firmly committed to adopting this policy as a means to achieve this.
